The 2017 AmeriCorps State Mandatory Supplemental Guidance is intended to provide applicants with additional information for the preparation of their applications under the 2017 AmeriCorps State Request for Applications (RFA). The Supplemental Guidance provides both detailed definitions of certain terms included but may have not been defined in the RFA. This Supplemental Guidance is incorporated by reference in the RFA, and applicants must comply with any requirements stated in this Supplemental Guidance.

21st Century Service Corps (21st CSC): The 21st Century Conservation Service Corps (21CSC) is a bold national effort to put young Americans and veterans to work protecting, restoring, and enhancing America's great outdoors. The 21CSC, built on the legacy of the Civilian Conservation Corps, will complete high quality, cost effective projects on public and tribal lands and waters across the nation. The 21CSC goals:

Put Americans to work: The 21CSC will provide service, training, education and employment opportunities for thousands of young Americans and veterans, including low income and disadvantaged youth.

Preserve, protect, and promote America's greatest gifts: The 21CSC will protect, restore and enhance public and tribal lands and waters as well as natural, cultural, and historical resources and treasures. With high-quality, cost-effective project work, the 21CSC will also increase public access and use while spurring economic development and outdoor recreation.

Build America's future: Through service to America, the 21CSC will help develop a generation of skilled workers, educated and active citizens, future leaders, and stewards of natural and cultural resources, communities and the nation.

In order to qualify for this priority area, applicants must demonstrate that they are a 21CSC member organization. Applications for membership are reviewed quarterly. Instructions for applicants are available in the Federal Register Notice, here: <https://www.gpo.gov/fdsys/pkg/FR-2014-04-11/pdf/2014-08101.pdf>

In addition to reviewing which applicants have selected the 21st CSC CNCS will review which applicants have selected the 21st CSC check box and consult the published list which is located here: <http://21csc.org/list-of-21csc-programs/> to make the 21st CSC determination.

Encore Programs: Congress set a goal that 10 percent of AmeriCorps funding should support encore service programs that engage a significant number of participants age 55 or older. CNCS seeks to meet that 10 percent target in this competition and encourages encore programs to apply. Encore will provide an opportunity for current evidence-based Senior Corps Foster Grandparents Program and Senior Companion Program grantees to expand their programs through AmeriCorps funding.

Enrollment Rate: Enrollment rate is calculated as slots filled, plus refill slots filled, divided by slots awarded.

Evidence based program: a program that has been rigorously evaluated and has demonstrated positive results. Rigorous evaluation means at least one random control trial study or quasi-experimental evaluation, either of the program itself or of another program that the applicant is proposing to replicate.

Evidence informed program: uses the best available knowledge, research, and evaluation to guide program design and implementation, but does not have scientific research or rigorous evaluation of the program itself and is not replicating an evidence-based program. Applicants that have not yet collected data from their own programs may be evidence-informed if they have incorporated research from other evidence-based programs into their program designs.

Member Service Year (MSY): One Member Service Year (MSY) is equivalent to a full-time AmeriCorps position (at least 1700 service hours.)

Multi-focus Intermediaries: CNCS recognizes that severely under-resourced communities may have limited capacity to successfully apply for and implement an AmeriCorps program, due to the size and organizational capacity of eligible applicant/host site organizations or the lack of available matching funds in these communities. Thus it may be effective for a single eligible applicant (intermediary) to develop an application and oversee the implementation of an AmeriCorps program that engages multiple grassroots non-profits/eligible applicants (referred to as a consortium) that, individually, do not have the necessary organizational or fundraising capacity to apply for and run an AmeriCorps program. Given the desire to address community needs holistically, the nonprofits/eligible applicants that make up the consortium may have but are not required to have different focus areas (including the non focus area capacity building) and thus the non profit/eligible applicant intermediary will be multi-focused.

Applicants seeking consideration under this priority must demonstrate that they will be serving in severely under-resourced communities; that their application represents a consortium, and that the activities provided by the consortium collectively address a compelling community need or set of needs; and that they have sufficient financial and management capacity to act as an umbrella organization for the consortium.

The eligible applicant (intermediary) should submit one application which describes:

- How the partnership/consortium will be organized and AmeriCorps resources will be allocated between the partnering entities (intermediary and consortium members).
- The proposed theory (ies) of change and program model(s).
- How the intermediary will utilize an identified consortium of nonprofits/eligible applicants that are well positioned to achieve outcomes identified in the theory of change.

Applicants applying under this federal priority that are selected for submission to the CNCS national grant competition will be required to submit letters of support from all members of the consortium. The letters must be submitted via email to CV by the competitive application submission deadline in eGrants.

My Brother's Keeper: President Obama launched the My Brother's Keeper initiative to address persistent opportunity gaps faced by boys and young men of color and ensure that all young people can reach their full potential.

Through this initiative, the Administration is joining with cities and towns, businesses, and foundations who are taking important steps to connect young people to mentoring, support networks, and the skills they need to find a good job or go to college and work their way into the middle class. . In order to qualify for this priority area, applicants must demonstrate that their program addresses one or more of the five milestones:

1. Getting a Healthy Start and Entering School Ready to Learn: All children should have a healthy start and enter school ready – cognitively, physically, socially and emotionally.
2. Reading at Grade Level by Third Grade: All children should be reading at grade level by age 8 – the age at which reading to learn becomes essential.
3. Graduating from High School Ready for College and Career: Every American child should have the option to attend postsecondary education and receive the education and training needed for quality jobs of today and tomorrow.
4. Successfully Entering the Workforce: All those who want jobs should be able to find work that allows them to support themselves and their families.
5. Keeping Kids on Track and Giving Them Second Chances: All children should be safe from violent crime; and individuals who are confined should receive the education, training and treatment they need for a second chance.

In order to qualify for this priority area, applicants must demonstrate that their program addresses one or more of the five milestones.

Opportunity youth: Opportunity youth are economically disadvantaged individuals ages 16-24 who are disconnected from school or work for at least six months prior to service. CNCS defines “economically disadvantaged” consistent with the definition used in the member development performance measures, “Receiving or meet the income eligibility requirements to receive: Temporary Aid to Needy Families (TANF), Food Stamps (SNAP), Medicaid, SCHIP, Section 8 housing assistance.” CNCS defines “disconnected from school or work” as unemployed, underemployed, and not in school for at least six months prior to their term of national service. A member who was not economically disadvantaged prior to becoming an AmeriCorps member, but became economically disadvantaged because the living allowance was low enough to make them eligible for SNAP, etc., cannot be counted as economically disadvantaged. In order to apply under this priority the applicant must demonstrate the programmatic elements they will implement in order to recruit and support opportunity youth as members and/or program beneficiaries, and a substantial portion of their requested MSYs must consist of or be devoted to serving opportunity youth.

Other Revenue: Funds necessary to operate an AmeriCorps program that are not CNCS funds or grantee share (match) identified in the budget. Total operating budget for an organization is not considered other revenue unless the entire operating budget supports the AmeriCorps program. Programs that have additional revenue sources not included in the matching funds section of the budget should provide the amount of this additional revenue that supports the program. This amount should not include the CNCS or grantee share amounts in the budget. For fixed amount grantees all non-CNCS funds that support the program are considered other revenue.

Prohibited Activities: While charging time to the AmeriCorps program, accumulating service or training hours, or otherwise performing activities supported by the AmeriCorps program or CV/CNCS, staff and members may not engage in the following activities (see 45 CFR § 2520.65):

1. Attempting to influence legislation;
2. Organizing or engaging in protests, petitions, boycotts, or strikes;
3. Assisting, promoting, or deterring union organizing;
4. Impairing existing contracts for services or collective bargaining agreements;
5. Engaging in partisan political activities, or other activities designed to influence the outcome of an election to any public office;

6. Participating in, or endorsing, events or activities that are likely to include advocacy for or against political parties, political platforms, political candidates, proposed legislation, or elected officials;
7. Engaging in religious instruction, conducting worship services, providing instruction as part of a program that includes mandatory religious instruction or worship, constructing or operating facilities devoted to religious instruction or worship, maintaining facilities primarily or inherently devoted to religious instruction or worship, or engaging in any form of religious proselytization;
8. Providing a direct benefit to— a. a business organized for profit; b. a labor union; c. a partisan political organization; d. a nonprofit organization that fails to comply with the restrictions contained in section 501(c)(3) of the Internal Revenue Code of 1986 related to engaging in political activities or substantial amount of lobbying except that nothing in these provisions shall be construed to prevent participants from engaging in advocacy activities undertaken at their own initiative; and e. an organization engaged in the religious activities described in paragraph C. 7. above, unless CNCS assistance is not used to support those religious activities;
9. Conducting a voter registration drive or using CNCS funds to conduct a voter registration drive;
10. Providing abortion services or referrals for receipt of such services; and
11. Such other activities as CNCS may prohibit.

AmeriCorps members may not engage in the above activities directly or indirectly by recruiting, training, or managing others for the primary purpose of engaging in one of the activities listed above. Individuals may exercise their rights as private citizens and may participate in the activities listed above on their initiative, on non-AmeriCorps time, and using non-CNCS funds.

Reducing and/or Preventing Prescription Drug and Opioid Abuse: CNCS is interested in any program models that seek to address the prescription drug and opioid abuse crisis in America.

Rural Communities: CNCS uses rural-urban commuting area (RUCA) codes to classify program addresses as either rural or urban for analytic purposes. RUCA codes classify U.S. census tracts using measures of population density, urbanization, and daily commuting. Census tracts with an urban cluster population less than 50,000 are considered rural (RUCA codes 4 – 10). Applicants are encouraged to designate themselves as serving rural communities if some or all service locations are in rural areas as defined by RUCA codes or if the program can provide other compelling evidence that the program is rural in the narrative portion of the application. This self-designation will be considered in grant-making decisions.

For more information about RUCA codes, please visit the USDA website found here:

<http://www.ers.usda.gov/data-products/rural-urban-commuting-area-codes.aspx>

The Office of Grants Management uses Beale Codes when assessing alternative match requirements as the statute (45 CFR 2521.60(c) requires it.

Safer communities: activities that focus on public safety, preventing and mitigating civil unrest, and/or partnerships between police and community. CNCS is looking for program models that create, support, and initiate activities that provide opportunities for law enforcement and community members to become constructively engaged in building or re building public spaces and opportunities for constructive dialogue via sports and community team building such as block watch organizations. Some examples are summer programming or engaging communities that are part of The National Forum on Youth Violence Prevention and programs that are developed by the International Association of Chiefs of Police (IACP)

<http://www.iacp.org/Police-Foundations-Section>) such as programs that engage youth between

the ages of 14-21 living in high crime areas of the city who have been identified as “leaders” in good and/or bad way. The youth are paired with School Resources Officers who meet with them several times during the week to engage them in a variety of leadership building exercises i.e., camping, rafting, community clean-up and much more.

Same Project: Two projects will be considered the same if they: Address the same issue areas, address the same priorities, address the same objectives, serve the same target communities and population, and utilize the same sites.

Programs must get approval from their CV program officers to be considered a new project.

Current and previous grantees need to get approval from their Program Officer to be considered a new project. CV will consider a project to be new if there is a meaningful difference between it and previous projects in a comparison of the following characteristics, among others: the objectives and priorities of the projects; the nature of the services provided; the program staff, participants, and volunteers involved; the geographic locations in which the services are provided; the populations served; and the proposed community partnerships. (§ 2522.340).

Requests for approval to be considered a new project should include information about how the new project differs from the previous project in the characteristics noted above. The request should also include the proposed name of the new project. CV staff will review the request to determine if the proposed project does represent a meaningful difference from the previous project or if the proposed project is an example of natural program evolution over time.

Single-State Applicants: Organizations that propose to operate in only one state must apply through the Governor-appointed State or Territory Commissions. Each state and territory commission administers its own selection process and submits to CNCS the applicants it selects to compete for funding. California Volunteers is the State Commission for California.

A single state application submitted directly to CNCS by the applicant rather than the State Commission will be considered noncompliant and will not be reviewed.

Unallowable Activities: In addition to the *Prohibited Activities*, the following restrictions also apply to the service of AmeriCorps members:

Nonduplication.

Corporation assistance may not be used to duplicate an activity that is already available in the locality of a program. And, unless there is nondisplacement, Corporation assistance will not be provided to a private nonprofit entity to conduct activities that are the same or substantially equivalent to activities provided by a State or local government agency in which such entity resides.

Nondisplacement.
