IV. APPLICATION COMPONENTS AND INSTRUCTIONS

The full application has 12 components. Instructions for completing each component follow.

1. Application Checklist Instructions

An application checklist listing the items required to complete your application is included in the *2019 AmeriCorps State Grant Application Forms*.

A “complete” AmeriCorps application includes all required and applicable components in the order listed in the Application Checklist. Place a checkmark [✓] next to each item included in your original application and copies of your application submitted. Write “NA” next to each item that is not applicable to your application. Applications missing items without marking them “NA” on the checklist will be considered out of compliance.

You must include a signed copy of the checklist with your application.

2. Program Summary Form

The *Program Summary Form* must be included as a hardcopy printout and submitted electronically by email to funding@cv.ca.gov.

Program Name: Provide the name of your proposed AmeriCorps program (California For All Corps Disaster Teams or California For All Los Angeles Emergency Preparedness Corps). If funded, this is the name that your program will be referred to in all CV communications.

Legal Applicant Organization: Enter the name of the organization applying for the AmeriCorps grant.

DUNS Number: Include the DUNS Number for your organization. This will be used to verify registration on SAM.gov.

Legal Applicant Contact Information: Enter the contact information for the legal applicant representative. The legal applicant is the organization that takes formal responsibility and assumes liability for the AmeriCorps program. All correspondence regarding the application process, funding decision, contracting, and corrective action will be sent to the contact person listed for the legal applicant.

Primary Contact Information: Provide the contact information for the primary contact for this program. The primary contact is the grantee’s staff person most familiar with the oversight and administration of the AmeriCorps program’s day-to-day operations. In most instances, this would be the AmeriCorps Program Director or the full-time staff person whose time is 100% dedicated to the grant. All correspondence regarding the application process will be sent to the primary contact as well as the legal applicant. All correspondence regarding training and technical assistance opportunities, changes to CV policies and grant requirements, and grantee performance feedback, issues, and challenges will be sent to the primary contact person. CV expects that the primary contact person will distribute information received from CV to other grantee staff, as appropriate.

Secondary Contact Information: Provide the contact information for the secondary contact for this program. CV may contact the secondary contact person when the primary or the legal applicant contacts cannot be reached.

Anticipated Start Date: Enter the date that you anticipate your AmeriCorps members will first begin their service if funded for the 2019 program year. The program must start as early as July 1, 2019 but no later than January 1, 2020.

Anticipated End Date: Enter the final date that you anticipate your AmeriCorps members will end their service if funded for the 2019 program year.

Slots Requested: Enter the total number of AmeriCorps member slots requested.

3. Logic Model Instructions

Complete the Logic Model using the below information. Please add items as appropriate and relevant to your program, **not to exceed three (3) pages**. Applicants with multiple interventions should complete one Logic Model chart which incorporates each intervention. Logic model content that exceeds three pages will not be reviewed.

Points will be awarded based on clarity and the extent to which all elements of the logic model are logically aligned. The logic model shall depict the following:

- A summary of the community problem/need outlined in the narrative.
 - The inputs or resources that are necessary to deliver the intervention, including but not limited to:
 - Number of locations or sites in which members will provide services
 - Number of AmeriCorps members that will deliver the intervention
 - The core activities that define the intervention or program model that members will implement or deliver, including:
 - The duration of the intervention (e.g., the total number of weeks, sessions or months of the intervention).
 - The dosage of the intervention (e.g., the total amount of service each participant will receive in order to achieve the outcome such as total number of hours of service, number of hours per session, or sessions per week).
 - The target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level).
 - The measurable outputs that result from delivering the intervention (i.e. number of beneficiaries served, hours of service delivered, types and number of activities conducted.) If applicable, identify which National Performance Measures will be used as output indicators.
 - Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur as a result of the intervention. If applicable, identify which National Performance Measures will be used as outcome indicators.
- Programs may include:
- Short-Term Outcome(s)—changes in knowledge, skills, and/or attitudes
 - Medium-Term Outcome(s)—changes in behavior or action
 - Long-Term Outcome(s)—changes in condition or status in life.

Note: The Logic Model is a visual representation of the applicant's theory of change. Applicants may include short, medium, or long-term outcomes in the Logic Model. The applicant's performance measure outcomes should be consistent with the program's theory of change and should represent all program service activities. Though programs are not required to measure all outcomes that are included in the Logic Model, they must measure all outcomes included in their Performance Measurement Worksheets. Applicants should use National Performance Measures if they are part of the program's theory of change. Applicants are not required to use National Performance Measures and should only use them if they are part of the program's theory of change.

For additional information, see "How to Develop a Program Logic Model" presentation handout at <http://www.californiavolunteers.org/index.php/Grants/ameri corps/>.

4. Program Diagram Instructions

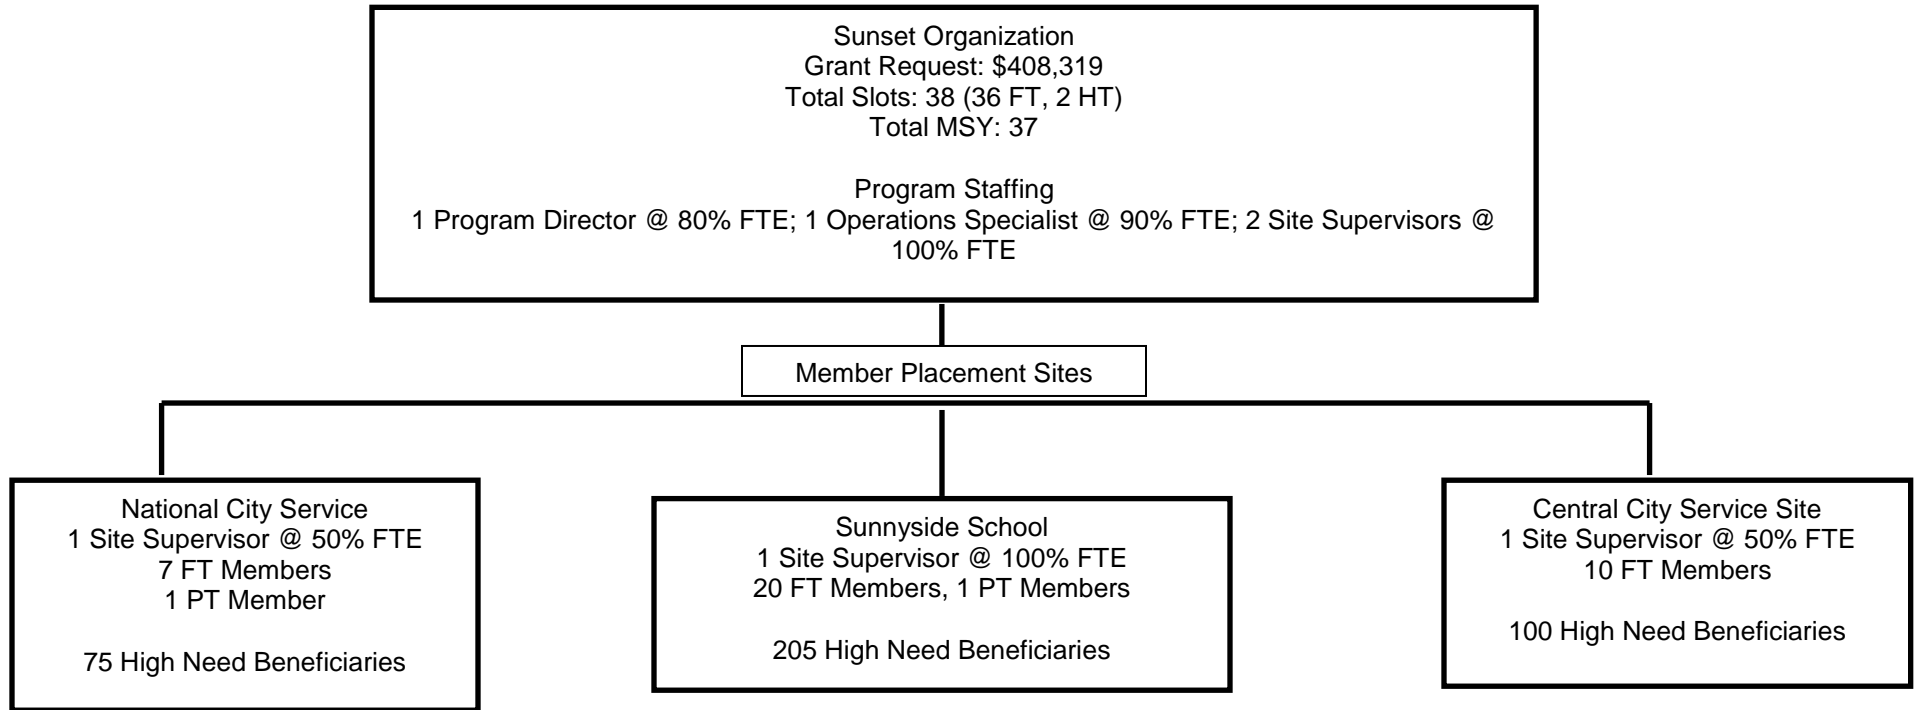

The **program diagram** is a graphic presentation of the proposed program structure. It must include the following:

- AmeriCorps member supervision and staffing structure as outlined in the budget narrative [e.g. title, percentage of time on grant], including member supervisors, program management, and other key functional roles.
- All placement or service site location names where members will actually perform service activities outlined in the performance measures,
- Number of member position types per site, and
- Estimate number of high-need beneficiaries to be served by members per site.

See next page for sample.

5. Program Narrative Instructions

The narrative section of the application is your opportunity to convince reviewers that the proposed program meets the selection criteria. Below are some general recommendations to help you present your project in a way the reviewers may find compelling or persuasive.

- **Lead from your program strengths and be explicit.** Do not make the mistake of trying to stretch your program to fit each funding priority and special consideration articulated in the *RFA*.
- **Be clear and succinct.** Reviewers are not interested in jargon, boilerplate, rhetoric, or exaggeration. They are interested in learning *precisely* what you intend to do, and how your project responds to the selection criteria.
- **Avoid circular reasoning.** The community need you describe should not be defined as the lack of the solution you are proposing.
- **Explain how.** Avoid simply stating that the criteria will be met. Explicitly describe how the proposed project will meet the criteria.
- **Don't make assumptions.** Even if you have received AmeriCorps funding in the past, do not assume your reviewers know anything about you, your proposed program, your partners, or your beneficiaries. Avoid overuse of acronyms.
- **Use an impartial proofreader.** Have someone read and critique the narrative.
- Follow the instructions and discuss each criterion *in the order* they are presented in the instructions. Use headings to differentiate narrative sections by criterion.

The Program Narrative (including the Executive Summary) must be in 12 point Times New Roman font, have one-inch margins, and not exceed 10 double-spaced, single-sided pages in portrait orientation. This limit does not include the budget, performance measures, logic model, learning memo, and evaluation plan. Reviewers will not consider material over the page limit (if the document is double-spaced) or over half of the page limit (if the document is single-spaced).

Each application must clearly describe a program that will deploy AmeriCorps members effectively to address a significant community problem. CV urges applicants to submit high quality applications that carefully follow the guidance in the RFA and Application Instructions. The quality of an application will be an important factor in determining whether an organization will receive funding.

The program narrative should address all the criteria provided below:

- A. Executive Summary** — Please fill in the blanks of these sentences to complete the Executive Summary. Do not deviate from the template below.

The [Name of the organization] proposes to have [Number of] AmeriCorps members who will [service activities members will be doing] in [the locations the AmeriCorps members will serve]. At the end of the first program year, the AmeriCorps members will be responsible for [anticipated outcome of program]. In addition, the AmeriCorps members will leverage an additional [number of leveraged volunteers, if applicable] who will be engaged in [what the leveraged volunteers will be doing.]

This program will focus on the CNCS focus area(s) of Disaster Services. The CNCS investment of \$0 will be matched with \$[amount of projected match], \$[amount of local, state, and federal funds] in public funding and \$[amount of non-governmental funds] in private funding.

B. Program Design (50 percent) — Reviewers will consider the quality of the application’s response to the following criteria below. Applicant responses must include the exact headings and address *how* they meet each of the criteria below each heading. A response that simply restates the criteria is not sufficient. Do not assume all sub-criteria are of equal value.

1. Theory of Change (30 points)

- Describe the communities/counties to be served and your target population demographics, including income levels, ages, languages, access and functional needs, and the number of individuals from these categories that you intend to serve. Include the source for your population demographic estimates.
- Describe how you propose to deliver the emergency preparedness training to vulnerable and diverse populations, and ensure the training is community and culturally appropriate.
- Describe how the Program will fill existing service gaps for diverse and vulnerable populations on emergency preparedness and how this will promote and encourage increased community resilience.
- Describe the partnerships you currently have in place to support member service activities in these communities, and describe your plan for building partnerships in the communities where they do not yet exist.
- Describe how AmeriCorps members in your program will recruit and leverage volunteers to expand the impact and reach of their service in the communities served.
- **If applying for California For All Corps Disaster Teams:** Please also describe your plan to accommodate the requirement that members are available for potential deployment to assist with disaster response and recovery efforts for two-week deployment sessions to respond to up to 4 incidents.

2. Member Experience (20 points)

- Describe your plan to train and support members to effectively deliver emergency preparedness education training to 35,000 individuals by using the California For All Emergency Preparedness Campaign education curriculum and materials that will be provided by CaliforniaVolunteers.
- Describe how AmeriCorps members will gain skills as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed.
- Describe how the program will recruit AmeriCorps members from the geographic or demographic communities in which the programs operate.
- Describe how the applicant will foster an inclusive service culture where different backgrounds, talents, and capabilities are welcomed and leveraged for learning and effective service delivery.

C. Organizational Capability (25 percent)—Reviewers will consider the quality of the application’s response to the following criteria below. Applicant responses must include the exact headings **and** address **how** they meet each of the criteria below each heading. A response that simply restates the criteria is not sufficient. Do not assume all sub-criteria are of equal value.

1. Organizational Background and Staffing (9 points)

- Describe your ability, and staff qualifications, to implement the plan to meet program goals and objectives to provide emergency preparedness training and resources to vulnerable and diverse populations.
- Describe how you will manage and provide oversight of the AmeriCorps program, including service activities occurring through other partnering organizations.
- **If applying for California For All Corps Disaster Teams:** Please also describe the ability of the organizations that you will partner with to support member activities in each targeted region (Lake/Shasta, Fresno/Tulare, and San Bernardino/Riverside Counties). Describe the

accountability measures that you will utilize to ensure these partners meet their targeted outreach and engagement goals for vulnerable populations.

2. Compliance and Accountability (9 points)

- Describe your organization's monitoring and oversight plan to prevent and detect non-compliance and enforce compliance with AmeriCorps rules and regulations including those related to prohibited and unallowable activities and criminal history checks at the grantee, subgrantee (if applicable), and service site locations.

3. Member Supervision (7 points)

- Describe how AmeriCorps members will receive sufficient guidance and support from their supervisor to provide effective service.
- Describe how AmeriCorps supervisors will be adequately trained/prepared to follow AmeriCorps and program regulations, priorities, and expectations?

6. California Performance Measurement Worksheet Instructions

Performance Measurement Requirements

Applicants are required to develop a set of performance measures using the California Performance Measurement Worksheets (PMWs) that account for all member service hours requested. Each applicant will need to complete at least three PMWs, titled as follows:

- **Primary Needs and Service Performance Measurement Worksheet**—Applicants must have at least one aligned performance measure (output and outcome) that corresponds to the proposed primary program intervention. Applicants proposing program service activities beyond the primary intervention are required to include additional aligned performance measures for those activities. Please note that CV values the quality of performance measures over the quantity of performance measures. Applicants should focus member service hours in service activities that are significant to the program’s theory of change and intended outcomes.
- **Common Member Development Worksheet**—Applicants must have an aligned output and outcome that reflects the knowledge and skills members will gain through the program.
- **Common Strengthening Communities Worksheet**—Applicants must track the number of volunteers recruited by AmeriCorps members and service hours contributed by those volunteers to expand the impact and reach of the program in the communities served.

The Needs and Service and Strengthening Communities PMWs combined must account for at least 80 percent of the AmeriCorps members’ total aggregate service hours. CaliforniaVolunteers value AmeriCorps program designs that are focused with measurable strong impacts. Therefore, having more performance measures beyond the required three PMWs stated above does not necessarily make an application more competitive.

Each performance measurement area is explained below. Detailed instructions for completing these required PMWs are provided on pages 17-21.

Primary Needs and Service Activity

For the Primary Needs and Service Performance Measurement Worksheet, successful applicants will be required to report on the following measures:

D1A (output)	35,000 individuals will receive emergency preparedness education and resources
Definition of Key Terms	Individuals: recipients of CNCS-supported services related to disaster preparedness, response, recovery, and/or mitigation Served: substantive engagement of individuals with a specific disaster-related goal in mind. Cannot consist solely of mass dissemination of information such as email blasts, social media posts, or distributing pamphlets.
How to Measure/Collect Data	Tracking mechanism that ensures an unduplicated count of individuals who have received services

D5 (outcome)	Number of individuals reporting increased disaster readiness
Definition of Key Terms	Individuals: those reported in measure D1A Disaster readiness: measures taken to prepare for and reduce the effects of future disasters
How to Measure/Collect Data	Survey, interview, or other instrument capable of measuring changes in disaster readiness at the individual beneficiary level. When possible, pre-post assessments should be utilized.

Member Development

- All applicants are required to complete the *Common Member Development Performance Measurement Worksheet*. CV expects that the outcome focus is on member's actual performance, not just "knowledge" gained.
- Applicants may have additional member development outcomes as appropriate to their program design.
- Member development activities are not to exceed 20% of total aggregate member service hours.

Strengthening Communities

- All programs are required to recruit volunteers and must complete the required *Common Strengthening Communities Performance Measurement Worksheet* to capture efforts in this area. Not all members are required to engage in volunteer recruitment activities. Applicants may assign the number of member service hours dedicated to volunteer recruitment efforts as appropriate for their program design.
- If members will train and manage volunteers, in addition to recruiting volunteers, applicants are required to include a corresponding outcome target that aligns with the common output targets on the Common Strengthening Communities PMW.
- Applicants proposing to have members engage in capacity building activities such as recruiting, training, and managing volunteers to address community needs as their primary focus are required to use the Needs and Service Activity PMW. Such program models are not required to also have a Common Strengthening Communities PMW.

Other Non-Primary Needs and Service or Indirect Service Activities [OPTIONAL]

- All non-primary needs and service performance measures (PM) (including activities other than the primary service activity) must have an aligned output and outcome.
- **Fundraising Activities:** If members will perform any fundraising activities, applicants must develop a separate PMW to account for any member time spent on allowable fundraising activities. Federal regulations prohibit a member from spending more than 10% of his/her service hours toward performing any fundraising activities, including fundraising supporting activities (i.e., serving food, stuffing envelopes, collecting any type of donation, directing parking, etc.).

AmeriCorps members can participate in fundraising activities within the following guidelines:

- Member fundraising activities must be in support of the program's identified community need, and may not include fundraising activities that provide benefit to the legal applicant and/or placement site's general operating budget or endowment or that of other programs sponsored by the legal applicant and/or placement site;
 - Members may not fundraise for required matching funds necessary to cover program operating costs;
 - Members may not prepare grant applications for funding provided by CV, CNCS, or any other federal agency; and
 - Members may not participate in fundraising activities unless specifically outlined in both the performance measures and member position description and agreed to by the member.
- **Swearing-in, Graduation Ceremony, and Participation in National Service Days:** Successful applicants are required to conduct both a swearing-in and graduation ceremony for all cohorts/classes of members and participate in Martin Luther King Day of Service or Cesar Chavez Day of Service. Programs are strongly encouraged to participate in other National Service Days (e.g. September 11th Day of Service, Make a Difference Day, Martin Luther King Day of Service or Cesar

Chavez Day of Service and Learning). Service hours dedicated to National Days of Service events should be captured on a Strengthening Communities PMW or Member Development PMW, whichever is most appropriate based on the program's intent for engaging members in these events.

Needs and Service PMW Directions

Use these directions to complete the Primary and Non-primary Needs and Service PMWs. Duplicate the Need and Service PMW template as needed for all Non-primary Need and Service activities.

PMW Row		Definitions & Directions
1	Community Need	Very briefly summarize the community need your partnership has researched and selected that this performance measure will address. This is the foundation of your PMW and is detailed in your Narrative. This is a brief summary, <u>not to exceed 500 characters with spaces.</u>
2	Target Population	The target population are those individuals or things directly impacted by the community problem stated that will receive the program's intervention. Answer a. through c. for the high-need target population. a. Provide a brief description of the "high need" target population (be specific), including the criteria used to define the target population as "high-need." b. Identify the number of direct high need beneficiaries members will serve through this performance measure. c. Describe the high need beneficiary selection process. Given that you cannot serve more than indicated in "b," how will you select those you will serve from the many that need your services? Describe how you <u>select</u> beneficiaries to receive your "service." Who or what will receive your program service? This should not be a "referral" process.
3	Amount of Service	This is the amount of member service hours dedicated to this intervention. Answer a. thru e. for this performance measure. These are simple calculations that should be determined by thinking about the specific activity & amount of time it may take to achieve the result in Row 2. This is how you know how many and what type of member to request to achieve the desired outcome(s) or meet the community need. a. # of members in this activity (indicate the types of member positions) b. # of hours per day for this activity c. # of days per week for this activity d. Duration/interval of activity or # of days or weeks that this activity will take place e. Total number of member hours for this activity. Calculated by—[a*b*c*d] NOTE: No member service hours may be earned from home without written CV approval.
4	Intervention	a. Describe the core activities that define the intervention members will implement or deliver. This is a concise description of <i>exactly</i> what members will do to achieve the Target in Row 8. You need to know this to know how many members are needed and how many people/things you can successfully serve. b. Describe the dosage . The dosage is the amount of time research and experience tell you is needed to achieve the desired change. The dosage must include: <ul style="list-style-type: none"> • <u>Frequency</u> or number of sessions per/ week; • <u>Intensity</u> or length of each session; and • <u>Duration</u> or total number of hours, weeks, sessions or months of the intervention. Tips: Words like "mentor", "assist," "tutor", "improve" <u>need</u> to be defined. What are members doing when they "improve" something? Be clear and concise. Don't make your reviewers guess what you mean.
5	Result	Communities receive emergency preparedness education and resources. Communities have increased disaster readiness.

6	Indicator	The number of individuals who receive emergency preparedness education and resources. The number of individuals reporting increased disaster readiness.
7	Instrument	Describe the specific instrument(s) you will use to measure the output or outcome indicators. Output Instrument: Describe an instrument that ensures an unduplicated count of individuals who have received services. Outcome Instrument: Describe an instrument that is a survey, interview, or other instrument capable of measuring changes in disaster readiness at the individual beneficiary level. When possible, pre-post assessment should be utilized. Include information on: <ul style="list-style-type: none"> a. Name or title of instrument b. Specific data the instrument will collect c. The minimum number of service (hours, days, or other units of participation) required to be counted d. The level of gain/amount of improvement required to meet target and be counted e. Procedure for ensuring service recipients will not be double-counted f. Who will administer the instrument g. How often each service recipient will be assessed
8	Target	State the target , as measured by the instrument identified in Row 7 that your program expects to meet at the end of each program year. CaliforniaVolunteers views targets as a vision of your program's future service delivery, and will negotiate final targets during the clarification and/or contracting process. Please note in the following example that raw numbers <u>must</u> be included as appropriate. Output: 35,000 individuals will receive emergency preparedness education and resources. Outcome: Number of individuals reporting increased disaster readiness. Target must include: <ul style="list-style-type: none"> • Definition of disaster readiness; specifically, the measure taken to prepare for and reduce the effects of future disasters. • How much of an increase is required to be included in this measure. • How much education and resources individuals must receive in order to expect a change in disaster readiness.
9	Prior Data	If you have data for this performance measure from prior years, report it here. Only include data directly reflective of the target stated.

[REQUIRED] COMMON Strengthening Communities PMW Directions

PMW Row		Definitions & Directions
1	Community Need	Provide a brief statement on why volunteers are needed and how they will enhance and/or expand the impact and reach of your program.
2	Target Population	Describe the <u>Target Population</u> members will recruit as volunteers (e.g. <i>Baby boomers, seniors, etc.</i>)
3	Amount of Service	Answer each question a. - e. These numbers apply only to this PMW. Please do not change the format. <i>No member service hours may be earned from home without written CV approval.</i>
4	Intervention/Activity	Describe how members will recruit volunteers, & if applicable, any other activities. Give a clear picture of member activity. Do not repeat information already provided in this PMW.
5	Result	Identify the result the community expects to see addressed (a short pithy statement).
6	Indicator	The indicator is the <i>thing</i> the <u>community</u> will look at to gauge progress toward the result. It should mirror the result. It is not the instrument.
7	Measurement	Response provided by CV on the PMW form.
8	Target	Fill in the numeric targets you expect to meet on this PM for each indicator stated in Row 3. If members will train and manage volunteers, in addition to recruiting volunteers, applicants are required to include <u>both</u> an outcome and output targets on the Common Strengthening Communities PMW.
9	Prior Data	If you have data for this performance measure from prior years, report it here. <u>Only include data directly reflective of the target stated.</u>

[REQUIRED] COMMON Member Development PMW Directions

PMW Row		Definitions & Directions
1	Community Need	Pre-identified by CV: Members deserve to be appropriately trained to perform the services assigned, to increase both professional skills and community development skills, and to enhance their esprit de corps experience.
2	Target Population	Answer a-f regarding AmeriCorps members.
3	Amount of Training	Enter the number of hours per member. See http://www.nationalservice.gov/sites/default/files/upload/policy%20FAQs%207.31.14%20final.pdf for orientation requirements. No member service hours may be earned from home without written CV approval.
4	Intervention/Activity	Briefly outline the training and support your program will provide to members. Include core trainings members need to deliver program services. Remember your training plan details are in your Narrative--briefly highlight the training and development your program will provide to members. Your Core Training must include mandated AC training (e.g. prohibited activities, member rights and responsibilities, code of conduct, suspension and termination rules, etc.), training members need to deliver program services (i.e.. child abuse reporting, working with families, etc.), and any training your partnership considers mandatory. Not all training must fall into Core Training. Include frequency/number of hours. Note: Member development is about what the program provides to the members-- not about development members seek on their own (e.g., degrees, job skills programs, certification, etc.).
5	Result	Identify the result the community expects to see addressed (a short pithy statement).
6	Indicator	Pre-identified by CV: The number of members trained in program's core training... and the number of members who increase their knowledge and skills
7	Instrument	Pre-identified by CV: Output Measurement: Training Log to collect data on member names, specific topic, and # of hours Outcome Measurement: Written Member Performance Review to collect data on member skill increases. Frequency: <i>Two times a year</i> . Programs must conduct at least a midterm and End-of-Term written performance reviews for full-time and half-time members, and an end-of-term written evaluation for less than half-time members.
8	Target	Partially Pre-identified by CV: Fill in the numeric targets that you expect to achieve for each target. Output Target: XX member will complete Core Training Outcome Target: XX of members will increase skills by XX %.
9	Prior Data	If you have data for this performance measure from prior years, report it here. <u>Only include data directly reflective of the target stated.</u>

7. Budget Form and Budget Narrative Instructions

All applicants are required to submit a detailed budget using the CV AmeriCorps Budget Template in Excel format available on the CV website at <http://www.californiavolunteers.org/index.php/Grants/ameriCorps/>.

Note: The Budget Form is included as a tab within the CV AmeriCorps Budget Template and will automatically populate as information is entered on the Budget Narrative tab. Be sure to include a copy of both the completed Budget Form and Budget Narrative as part of your application.

Match Requirements

Program requirements, including requirements on match, are located in the AmeriCorps regulations and summarized below.

Table 1: Match Requirements in the AmeriCorps Regulations

Grant Type	Match Requirement
Fixed-Amount EAP Grants	There are no specific match requirements for fixed-amount grants. Grantees pay all program costs over the maximum cost per MSY in the RFA.

- If you are applying for the first time, you must match with cash or in-kind contributions at least 24% of the project's total Operating Costs (Section I) plus Member Costs (Section II) plus Administrative Costs (Section III). If you are re-competing, please see 45 CFR §§ 2521.40-2521.95 for the match schedule.
- The acceptable sources of matching funds are federal, state, local, and/or private sector funds in accordance with applicable AmeriCorps requirements.
- In the "Source of Funds" field that appears at the end of Budget Section III, identify State AB 72 Funds as your primary source of match and any other additional match source separately. Identify if the match is secured or proposed. Include dollar amount, the match classification (cash or in-kind), and the source type (Private, State/Local, or Federal) for your **entire match**. Define all acronyms the first time they are used.

Note: CNCS legislation permits the use of non-CNCS federal funds as match for the grantee share of the budget. Please discuss your intention of using federal funds to match an AmeriCorps grant with the other agency prior to submitting your application. Section 121(e)(5) of the National Community Service Act requires that grantees that use other federal funds as match for an AmeriCorps grant report the amount and source of these funds to CNCS. If you use other federal funds as match, you must ensure you can meet the requirements and purpose of both grants. Grantees that use federal funds as match will be required to report the sources and amounts on the Federal Financial Report (FFR).

Preparing Your Budget

Your proposed budget should be sufficient to allow you to perform the tasks described in your narrative. Reviewers will consider the information you provide in your detailed Budget Narrative in their assessment of the Cost-Effectiveness and Budget Adequacy selection criterion.

To prepare your budget, follow the detailed budget instructions below. Use the CV Excel *Budget Narrative* tab to create your program budget. The *Budget Form* tab will be automatically populated from the information you enter in the Budget Narrative tab. Be sure to review your completed budget against the *Budget Analysis Checklist* provided at the end of this section to ensure that your budget is complete and accurate.

As you prepare your budget:

- All the amounts you request must be defined for a particular purpose. Do not include miscellaneous, contingency, or other undefined budget amounts.
- Itemize each cost and present the basis for all calculations in the form of an equation.
- Do not include unallowable expenses, e.g., entertainment costs (which include food and beverage costs) unless they are justified as an essential component of an activity.
- Do not include fractional amounts (cents).

Programs must comply with all applicable federal laws, regulations, and Omni Circular. Please refer to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2CFR Part 200) for allowable, allocable, and reasonable cost information, as well as, audit requirements, including the need to provide audits to the Clearinghouse if expending over \$750,000 in federal funds as required in the OmniCircular. The OMB OmniCircular can be found online at www.whitehouse.gov/OMB/circulars.

Detailed Budget Instructions

These instructions apply to all applicants. As stated in the RFA, program operating expenses will be covered through match funds from AB 72 State Funds. Please allocate all costs to the Grantee Share. Please note that it may be requested that you include description/calculation breakdowns for costs that are covered by funds outside of the grant.

Section I. Program Operating Costs

A. Personnel Expenses

Under "Position/Title Description," list each staff position separately and provide a brief position description, salary, and percentage of effort devoted to this award. Each staff person's role listed in the budget must be described in the application narrative and each staff person mentioned in the narrative must be listed in the budget as Grantee Share. Because the purpose of this grant is to enable and stimulate volunteer community service, do not include the value of direct community service performed by volunteers. However, you may include the value of volunteer services contributed to the organization for organizational functions such as accounting, audit work, or training of staff and AmeriCorps members. For Column 2, under '% of FTE Time Spent on Program', please include the percentage of time for a full-time equivalent (FTE) employee. For example, if a part-time staff member who works 20 hours a week spends 100% of their time working on the AmeriCorps program, Column 2 should reflect 50%. This section should contain costs associated only with those staff performing direct program services. Those providing general administrative or management functions should be budgeted under Section III.

Staff Requirement for California For All Corps Disaster Teams: Include at least one full-time Program Manager and three full-time Member Supervisors at 100% allocated to the grant.

Staff Requirement for LA Emergency Preparedness Expansion: Include at least one full-time staff member whose time is 100% allocated to managing the AmeriCorps program and supervising members..

B. Personnel Fringe Benefits

Under "Purpose/Description," identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include FICA, Worker's Compensation, Retirement, SUTA, Health and Life Insurance, IRA, and 401K. You may provide a calculation for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe amount is over 30%, please list covered items separately and justify the higher cost. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates but are absorbed into the personnel expenses (salary) budget line item. This section should include only benefits associated with staff identified in Section IA.

C. 1. Staff Travel

Describe the purpose for which program staff member will travel. Provide a calculation to include itemized costs for airfare, transportation, lodging, per diem, and other travel-related expenses multiplied by the number of trips/staff. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage daily per diem, and similar supporting information. Reimbursement should not exceed the federal mileage rate unless a result of applicant policy and justified in the budget narrative. Only domestic travel is allowable. Only domestic travel is allowable. Any out of state travel requires advance approval from CV.

In addition to requesting funds to support staff travel associated with managing the grant, **CV requires applicants to include funds in this line item for travel for program staff and site staff to attend CV-sponsored technical assistance meetings or trainings. There may be two to three such opportunities per year, including opportunities for fiscal training.** At a minimum, all applicants are required to have at least two staff attend the CV-sponsored annual California AmeriCorps Conference. This requirement should be considered when creating the budget.

Please itemize the costs. For example: Two staff members will attend the California AmeriCorps Conference in Los Angeles.

California AmeriCorps conference: 2 staff X \$250 airfare + \$50 ground transportation + \$250 registration fee+ (2 days) X \$100 lodging + \$35 per diem = \$1,640

C. 2. Member Travel

Describe the purpose for which members will travel. Provide a calculation to include costs for airfare, transportation, lodging, per diem, and other related expenses for members to travel outside their service location or between sites. Costs associated with local travel, such as bus passes to local sites, mileage reimbursement for use of car, etc., should be included in this budget category. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information. In NO CASE may budgeted rates exceed federal rates.

Requirement for California For All Corps Disaster Teams: Allocate approximately \$30,900 for members to attend at least 10 days of CV-required training.

Use this calculation: (\$41 per diem + \$95 hotel) x 5 days x 30 members + \$350 airfare x 30 members

D. Equipment

Equipment is defined as tangible, non-expendable personal property having a useful life of more than one year AND an acquisition cost of **\$5,000 or more per unit** (including accessories, attachments, and modifications). Any items that do not meet this definition should be entered in E. Supplies below. Purchases of equipment are limited to 10% of the total CNCS funds requested. If applicable, show the unit cost and number of units you are requesting. Provide a brief justification for the purchase of the equipment under Item/Purpose. Items listed under this section require advance approval from CV. Additionally, items purchased using CNCS' share remain the property of CNCS following completion of the program. See the appropriate OMB circular for your program type for more information regarding disposition.

Requirement for California For All Corps Disaster Teams: Allocate approximately \$33,600 to cover the lease of 3 vehicles to transport members to conduct outreach.

Use this calculation: lease for 3 vans @ 1 per/region: \$1500 monthly x 12 months + \$100 gas x 52 weeks.

E. Supplies

AmeriCorps members must wear an AmeriCorps logo on a daily basis—preferably clothing with the AmeriCorps logo. The item with the AmeriCorps logo is a required budget expense. Please include the cost of the item with the AmeriCorps logo in your budget or explain how your program will be providing the item to AmeriCorps members without using grant funds. Grantees may add the AmeriCorps logo to their own local program uniform items using federal funds. Please note that your program will be using the AmeriCorps logo in the budget description.

Include the amount of funds to purchase consumable supplies and materials, including member service gear and equipment that does not fit the definition above. You must individually list any single item costing \$1,000 or more. Except for safety equipment, grantees may only charge the cost of member service gear to the federal share if it includes the AmeriCorps logo. All safety gear may be charged to the federal share, regardless of whether it includes the AmeriCorps logo. All other service gear must be purchased with non-CNCS funds.

F. Contractual and Consultant Services

Include costs for consultants related to the project's operations, except training or evaluation consultants, who will be listed in Sections G. or H., below.

G. 1. Staff Training

Include the costs associated with training staff on project requirements and training to enhance the skills staff need for effective project implementation, i.e., project or financial management, team building, etc. Please include any training/conference registration in this line item.

G. 2. Member Training

Include the costs associated with member training to support them in carrying out their service activities, for example, orientation, project-specific skills such as age-appropriate tutoring, CPR, or ecosystems and the environment. You may also use this section to request funds to support training in Life After AmeriCorps. If using a consultant(s) for training, indicate the estimated daily rate.

Requirement for California For All Corps Disaster Teams: Allocate approximately \$5,250 for member training at daily rate of \$750 x 7 days

H. Evaluation

Include costs for project evaluation activities, including additional staff time or subcontracts, use of evaluation consultants, purchase of instrumentation, and other costs specifically for this activity not budgeted in Personnel Expenses. This cost **does not** include the daily/weekly gathering of data to assess progress toward meeting performance measures, but is a larger assessment of the impact your project is having on the community, as well as an assessment of the overall systems and project design. Indicate daily rates of consultants, where applicable.

I. Other Program Operating Costs

Allowable costs in this budget category should include when applicable:

- State Criminal Registry and FBI Criminal history background checks for all members and for all employees or other individuals who receive a salary, education award, living allowance, or stipend or similar payment from the grant (federal or non-federal share). Please include \$54 plus the cost of the state check for criminal history checks for all covered positions plus the cost of the state check.
- Office space rental for projects operating without an approved indirect cost rate agreement that covers office space. If space is budgeted and it is shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.
- Utilities, telephone, Internet and similar expenses that are specifically used for AmeriCorps members and AmeriCorps project staff, and are not part of the organizations indirect cost/admin cost allocation pool. If such expenses are budgeted and shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.
- Recognition costs for members. List each item and provide a justification in the budget narrative. **Gifts and/or food in an entertainment/event setting are not allowable costs.** The only two cases in which food is allowed to be charged to the grant are: (1) for travel per diem and (2) for events such as all-day trainings where there is a working lunch. In both cases, the amount is restricted to the rates set by the federal government.

Requirement for California For All Corps Disaster Teams: Allocate approximately \$221,000 to support up to 4 incidents of two-week deployment for 23 members.

Deployment: Cost: at \$55,250 per incident x 4 disaster incidents

Section II. Member Costs

Member Costs are identified as “Living Allowance” and “Member Support Costs.” Your required match can be federal, state, local, or private sector funds.

A. Living Allowance

The narrative should clearly identify the number of members you are supporting by category (i.e., full-time, half-time, reduced-half-time, quarter-time, minimum-time,) and the amount of living allowance they will receive, allocating appropriate portions between CNCS’s share (CNCS Share) and grantee match (Grantee Share). **Please note that programs are not required to provide a living allowance to half-time, reduced half-time, quarter-time, or minimum-time members.** Programs choosing to provide part-time members with living allowances should use the guidelines below.

Members – Enter the total number of members you are requesting in each category. Enter the average amount of the living allowance for each type of member. Enter the number of members for which you are not requesting funds for a living allowance, but for which you request education awards.

Minimum and Maximum Living Allowance

Term of Service	MSY Equivalence	Minimum # of Hours	Minimum Living Allowance	Maximum Living Allowance
California For All Corps Disaster Teams Full-Time	1.00	1,700	\$21,000	\$27,984
Los Angeles Emergency Preparedness Program Expansion Full-Time	1.00	1,700	\$18,600	\$27,984

B. Member Support Costs

Consistent with California State law, you must provide members with the benefits described below:

- **FICA for Members.** Unless exempted by the IRS with accompanying documentation (note in the narrative and provide documentation with application), all projects must pay FICA for any member receiving a living allowance, even when CNCS does not supply the living allowance. If exempted, please note in the narrative and provide documentation with application. In the first column next to FICA, indicate the number of members who will receive FICA. Calculate the FICA at 7.65% of the total amount of the living allowance.
- **Worker’s Compensation.** Under California Labor Code Sections 335I to 3352(j) inclusive, Subgrantees are required to provide workers’ compensation insurance for AmeriCorps members as they would for any other employee.
- **Health Care.** AmeriCorps programs are required to offer health care benefits to full-time members in accordance with AmeriCorps requirements. Except as stated below you may not pay health care benefits to less-than-full-time members with CNCS funds. You may choose to provide health care benefits to less-than-full-time members from other sources (i.e., non-federal). Less-than-full-time members who are serving in a full-time capacity for a sustained period of time (such as a full-time summer project) are eligible for health care benefits. In your budget narrative, indicate the number of members who will receive health care benefits. CNCS will not pay for dependent coverage.
- **Unemployment Insurance and Other Member Support Costs.** Include any other required member support costs here. Under California Unemployment Insurance Code Section 634.5, AmeriCorps members are not considered “employees” and therefore, California State AmeriCorps programs are not required to pay unemployment insurance taxes for members.

Section III. Administrative/Indirect Costs

Definitions

Administrative costs are general or centralized expenses of the overall administration of an organization that receives CNCS funds and do not include particular project costs. These costs may include administrative staff positions. For organizations that have an established indirect cost rate for federal awards, administrative costs mean those costs that are included in the organization’s indirect cost rate agreement. Such costs are generally identified with the organization’s overall operation and are further described in Office of Management and Budget Circulars A-21 (2CFR 220), A-87 (2 CFR 225), and A-122 (2 CFR 230).

Options for Calculating Administrative/Indirect Costs (choose either A, B, or C)

Applicants can choose to use one of two methods to calculate allowable administrative costs – a CNCS fixed percentage method or a federally approved indirect cost rate method. Regardless of the option

chosen, CNCS's share of administrative costs is limited to 5% of the total CNCS funds **actually expended** under this grant.

A. CNCS Fixed Percentage Method Five/Ten Percent Fixed Administrative Costs Option

CNCS fixed rate allows you to charge administrative costs up to a cap without a federally approved indirect cost rate and without documentation supporting the allocation. If you choose CNCS Fixed Percentage Method (Section IIIA in eGrants), you may charge, for administrative costs, a fixed 5% of the total of CNCS funds expended. In order to charge this fixed 5%, the grantee match for administrative costs may not exceed 10% of all direct cost expenditures.

1. To determine CNCS share for Section III: Multiply the sum of CNCS funding shares of Sections I and II by 0.0526. This is the maximum amount you can request as CNCS share. The 5% maximum is calculated by multiplying the sum of CNCS's share of Section I and Section II by the factor 0.0526. The factor 0.0526 is used to calculate the maximum amount of federal funds that may be budgeted for administrative (indirect) costs, rather than 0.0500, as a way to mathematically compensate for determining Section III costs when the total budget (Sections I + II + III) is not yet established. (If 0.0500 was used, the resulting Section III costs would be less than the maximum 5% of total costs that are permitted under CNCS's regulations.) As allowed by CNCS, CaliforniaVolunteers retains 40% of the federal share of administrative costs.
2. To determine the maximum Grantee share for Section III: Multiply the total (both CNCS and grantee share) of Sections I and II by 10% (0.10) and enter this amount as the grantee share for Section III A.
3. Enter the sum of CNCS and grantee shares under Total Amount.

B. Federally Approved Indirect Cost Rate Method

If you have a Federally Approved Indirect Cost (IDC) rate and choose to use it, the IDC rate will constitute documentation of your administrative costs including the 5% maximum payable by CNCS. Specify the Cost Type for which your organization has current documentation on file, i.e., Provisional, Predetermined, Fixed, or Final indirect cost rate. Supply your approved IDC rate (percentage) and the base upon which this rate is calculated (direct salaries, salaries and fringe benefits, etc.). It is at your discretion whether or not to claim your entire IDC rate to calculate administrative costs. If you choose to claim a lower rate, please include this rate in the Rate Claimed field.

1. Determine the base amount of direct costs to which you will apply the IDC rate, including both CNCS and Grantee's shares, as prescribed by your established rate agreement (i.e., based on salaries and benefits, total direct costs, or other). Then multiply the appropriate direct costs by the rate being claimed. This will determine the total amount of indirect costs allowable under the grant.
2. To determine CNCS share: Multiply the sum of CNCS funding share in Sections I and II by 0.0526. This is the maximum amount you can claim as CNCS share of indirect costs. As allowed by CNCS, CaliforniaVolunteers retains 40% of the federal share of administrative costs.
3. To determine the maximum Grantee share: Subtract the amount calculated in step 2 (CNCS administrative share) from the amount calculated in step 1 (the Indirect Cost total). This is the amount the applicant can claim as grantee share for administrative costs.

Calculation of CV/Grantee Share of Federal Administrative Costs

As allowed by CNCS, CaliforniaVolunteers elects to retain a share of the 5% of the federal funds available for administrative costs. To calculate these fractional shares, within Section III of the subgrant budget, **two-fifths (40%) of the federal dollars budgeted for administrative costs are allocated to CV's share and three-fifths (60%) of the federal dollars budgeted for administrative costs are allocated to the program's share. Because programs budget the 5% administrative maximum by multiplying CNCS's share of Section I and Section II costs by the factor 0.0526, the allocation between commission and program shares would be calculated as follows:**

$[(\text{Section I CNCS Share}) + (\text{Section II CNCS Share}) \times 0.0526] \times (0.40) = \text{CV Share}$

$[(\text{Section I CNCS Share}) + (\text{Section II CNCS Share}) \times 0.0526] \times (0.60) = \text{Subgrantee Share}$

C. De Minimis Rate of 10% of Modified Total Direct Costs

Organizations who have **never**, at any point in time, held a federally negotiated indirect cost rate (except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph (d)(1)(B)) and who receive less than \$35 million in direct federal funding, may indefinitely use a de minimis rate of 10% of modified total direct costs (MTDC). Additional information regarding what is included in MTDC and use of this option can be found at 2 CFR 200.414(f) and 200.68. If this option is elected, it must be used consistently across all federal awards..

Source of Match

In the “Source and Types of Match Contributions” table that appears at the bottom of the *Budget Narrative*, enter the specific source of match (i.e. The Star Foundation, Franklin Unified School District, etc.), the match type [State/Local, Federal, or Private], the amount of cash and the dollar amount of in-kind, and a brief description of the intended purpose of the match (e.g. personnel expenses, travel, etc.). Define any acronyms the first time they are used. In the brief description, indicate whether the match is “proposed” or “secured.”

Pre-Contract Costs

Successful applicants must have a fully executed contract in place with CV before costs can be incurred against CNCS share. However, programs may request for approval from CV to incur costs using match or grantee share prior to having an executed contract in place to cover non-member support related expenses such as staff recruitment, training, criminal background checks, member recruitment, etc. In the “Pre-Contract Costs” table, enter the anticipated pre-contract costs for the grantee share by cost category. The pre-contract costs identified must be inclusive of costs included in the proposed budget. All pre-contract costs are subject to the federal grant award approval.

Budget Analysis Checklist

Use this checklist to review your completed budget to help assure that it is accurate and meets AmeriCorps requirements. Please complete but DO NOT include with your application.

Compliant?	Section I. Program Operating Costs

Compliant?	Section II. Member Costs
Yes ___ No ___	Are the living allowance amounts correct? Full-time AmeriCorps members must receive at least the minimum living allowance as indicated in the chart in the budget instructions. Note: Programs in existence prior to September 21, 1993 may offer a lower living allowance than the minimum. If such a program chooses to offer a living allowance, it is exempt from the minimum requirement, but not from the maximum requirement.
Yes ___ No ___	Living allowances are not paid on an hourly basis? They may be calculated using service hours and program length to derive a weekly or biweekly distribution amount. Divide the distribution in equal increments that are not based on the specified number of hours served.

Yes ___ No ___	Is the Worker's Compensation calculation correct? Some states require worker's compensation for AmeriCorps members. Check with your local State Department of Labor or state commission to determine whether or not you are required to pay worker's compensation and at what level (i.e., rate). If you are not required to pay worker's compensation, you need to provide similar coverage for members' on-the-job injuries through their own existing coverage or a new policy purchased in accordance with normal procedures (i.e., Death and Dismemberment coverage).
Yes ___ No ___	Health care is provided for full-time AmeriCorps members only (unless half-time serving for a sustained full-time period of time such as summer service)? If your project chooses to provide health care to other half-time members, you may not use federal funds to help pay for any portion of the cost. Projects must provide health care coverage to all full-time members who do not have adequate health care coverage at the time of enrollment or who lose coverage due to participation in the project. In addition, projects must provide coverage if a full-time member loses coverage during the term of service through no deliberate act of his/her own.

Compliant	Section III. Administrative/Indirect Costs

Yes ___ No ___	Applicant has chosen Option A – Corporation fixed percentage method and the maximum grantee share is at 10% or less of total budgeted funds?
Yes ___ No ___	Applicant has chosen Option B – federally approved indirect cost rate method and documentation on file? 8. Labor Organization Certification Form Instructions

Definitions

Service Sponsor--According to SEC. 101(25) [42 USC 12511(25)], the term “service sponsor” means an organization, or other entity, that has been selected to provide a placement for a member (participant).

Program Applicant --For the purposes of this section, CNCS’s definition for “program applicant” includes any applicant to CNCS or a State Commission, as well as any entity applying for assistance or approved national service positions through a CNCS grantee or subgrantee.

Instructions

Carefully consider the three options on the Labor Organization Form and check all the boxes that apply to your program. An applicant must check at least one box. The form must be signed by an authorized legal applicant representative.

Check Option 1 if program applicant:

- 1) will serve as a placement site for AmeriCorps members; and
- 2) Has employees engaged in the same or substantially similar work as that proposed to be carried out by AmeriCorps members; and
- 3) Those employees are represented by a local labor organization.

If you check option 1, you must also include the **written concurrence of the local labor organization** representing those employees engaged in the same or substantially similar work as that proposed to be carried out by AmeriCorps members. Written concurrence can be in the form of a letter or e-mail from the local union leadership.

Check Option 2 if program applicant:

Proposes to place AmeriCorps members at sites (outside of legal applicant organization) where they will be engaged in the same or substantially similar work as employees represented by a local labor organization.

If you check option 2, you must submit a written description of how the legal applicant will ensure that:

- a) AmeriCorps members won’t be placed in positions that were recently occupied by paid staff.
- b) No AmeriCorps member will be placed into a position for which a recently resigned or discharged employee has recall rights as a result of a collective bargaining agreement, from which a recently resigned or discharged employee was removed as a result of a reduction in force, or from which a recently resigned/discharged employee is on leave or strike.

In the very rare event that neither Option 1 nor 2 applies to you, please select Option 3. In almost all circumstances where Option 3 is an appropriate option the legal applicant has verified that there are no labor organizations representing employees of the Program Applicant and/or Service Sponsors.

If you select Option 3, you must submit a written justification of how you determine this option applies to you as part of your application.

IMPORTANT: Supporting documentation is required for all options selected. Failure to include required supporting documentation as part of the application may result in points lost from the review process.

9. Organizational Self-Assessment Instructions

This form is included in *AmeriCorps Application Forms* and is required of all applicants. Please follow the instructions included on the form.

10. Assurance and Certification Instructions

Please read the following Assurances and Certifications before signing the Assurance and Certification Signature Page.

By signing and submitting this application, as the duly authorized representative of the applicant, you certify that the applicant will comply with the Assurances and Certifications described below.

- a) Inability to certify
Your inability to provide the assurances and certifications listed below will not necessarily result in denial of a grant. You must submit an explanation of why you cannot do so. We will consider your explanation in determining whether to enter into this transaction. However, your failure to furnish an explanation will disqualify your application.
